

Kulungah Myah Community Centre Strategic Plan 2022 - 2023

Vision: Empowering our community by bringing people together.

Mission: The Kulungah Myah Community Centre is a community managed not-for-profit organisation that provides a range of programs enabling, personal development, social connections, group education, and community participation for all sectors of the community.
It is a friendly and welcoming environment to learn, create, share ideas, and bring dreams to life.

Aims:

Ensure Sustainability: *Ensure effective governance, operations, and the development of strategic partnerships for ongoing viability.*

Strategies:

- a) Create new financial streams, including corporate sponsorship.
- b) Implement management restructure and increase human resources.
- c) Increase online presence and promotional efforts via new website and other platforms.
- d) Improve equipment, aesthetic, and amenities.
- e) Secure long term, recurrent funding agreement with DoC.

Embrace Diversity: *Provide opportunities for specific groups within the locality to participate in our service, and tailor programming to emerging community needs.*

- a) Implement a program for socially isolated seniors focused on digital education, including CALD Seniors.
- b) Implement a new empowerment program for women focused on skill development, knowledge sharing and networking.
- c) Implement VIBE - a new recreation, education, and social program for youth.
- d) Implement KM Earth Care Initiatives – creating a central and accessible point of connection and exchange for social movements focused on the environment and sustainability.

Strengthen Collaboration: *Increase inter-agency collaboration to optimise service provision and to extend our community reach.*

- a) Proactively invite non-profits to run workshops from KMCC.
- b) Explore ways in which for-profit businesses can operate from KMCC.
- c) Extend joint service provision either at KMCC or in the community with organisations such StudentEdge; Westside Gym, & Zonta House Refuge Association.
